# Feedback Analysis and Action taken 2021-22

A total of 78 students of different semesters responded after feedback was sought from them. The overall result shows that students are generally satisfied with the curriculum design of college. Concerning the role of said curriculum in career development, majority of students agree that it is conducive in shaping their career ahead. Only a small number of students agree that curriculum design is not in line with the level of global competition. In addition responses of students regarding extracurricular activities, library services and other services were recorded which indicate that students are too much satisfied here.

As apparent from the above, we see that the overall response has been positive and encouraging. Students have mostly desired a change in the current pattern of syllabus, an issue which has already been discussed with the affiliating University and as such some fields/ skill courses were added in the current programme like Financial Economics, Computer Applications and Social Problems in India.

## Feedback from Teachers

Teaching faculty ultimately is the most important stakeholder in designing curriculum. The college had devised a questionnaire for teaching faculty to record their responses pertaining to curriculum design and other related aspects. After collecting the responses and classifying them into three categories- Yes, No and May be, the following was observed as depicted in below pie chart.

Do you think that the Learning Objectives of current curriculum are appropriate and online with the needs of the Students

# Feedback Analysis and Action taken report 2021-22

The college teaching faculty just like students showed mixed responses on different parameters. Though a substantial satisfaction was revealed from teacher responses about syllabus being well organized and easy to teach, yet the majority believed that the said syllabus was not so easy at UG level to be dealt with.

Concerning the job oriented nature of syllabus, the responses recorded were found in a balance. Further almost all teachers accept that the affiliating University revises the syllabus periodically. Since the said domain doesn't fall within the jurisdiction of colleges, the college teaching as well as the students doesn't seem to be interested here, though the same was forwarded to the college administration which has been discussed with the concerned. However, all the stakeholders of college are in a hope of seeing a major breakthrough in the overall educational system once new NEP 2020 is implemented.

### Feedback from Teachers

Teachers' view about existing curriculum in GDC Vailoo Larnoo

Teachers overall view about curriculum

In the above pie diagram we have got different responses from teaching faculty of our college-GDC Vailoo Larnoo. After classifying each, we categorised that into five categories viz, Strongly Agree, Agree, Neutral, Disagree and Strongly Disagree. Each of the responses is shown below in percentages.

Strongly Agree = 40%

Agree. = 40%

Neutral. = 10%

Disagree. = 10%

Strongly Disagree. = 0%

### Action taken report

The curriculum feedback received from teaching faculty and students from all Semesters indicates that students are almost satisfied with the existing curriculum design in our college- GDC Vailoo Larnoo. As per the survey conducted by the college, about 90% students have expressed their satisfaction with the existing curriculum of college. After this some 20% students were selected from different Semesters and their responses were recorded, collected, analysed and expressed in percentages as shown below:

Strongly Agree. 30.6%

Agree. 65.3%

Neutral. 2%

Disagree. 2%

Strongly Disagree

As apparent from the above data, the student community, knowing that nothing substantial can be done in this area, as curriculum design falls within the university domain, don't seem to be interested here in this area. However certain suggestions have been put forth both by students and teachers which have been given due

*Aya de mis*  
Principal

Govt Degree College  
Vailoo Larnoo, Kashmir

consideration by the college administration. Some of the important steps taken in this regard are as follows:

1. **Automation of Library:** The task for automation of college library has been accomplished in year 2020.
2. **Computer Lab:** The college is having a established computer lab embodied with almost 15 computers.
3. **Smart Boards:** The college has purchased 3 smart boards being used in classrooms which has enhanced and enriched the teaching methodology.
4. **Information communication Technology:** The college is in possession of 2 projectors and hence has been a bit ahead in enhancing the ICT Technology.
5. **Permanent Faculty:** The number of Permanent faculty has risen from 3 in 2016 to 14 in 2023. Almost 3 posts are still lying vacant in college. The college is hopeful of getting some more permanent employees in future.

**Report**

**(12-Point Action Plan of the College)**

As suggested by the submitted feedback report(s), the college needs to immediately act on the following 12-points in view of the upcoming NAAC visit:

1. Teachers need to develop the interests & engagement amongst the students by way of encouraging 'teacher-student' and 'student-student' discussions.
2. 'Chalk and talk' strategy needs to be supplemented with the use of modern teaching aids/gadgets, handouts, flipcharts, smartboards, podcasts, online sources like e-Shodh-Sindhu, Shodh-Ganga, Shodh-Sidhi, virtual labs etc. College must do audit of digital gadgetry, installed in classrooms, to ensure its regular use.
3. In addition to traditional methods of evaluation, teachers must use non-traditional methods like quizzes, seminars, assignments, open-book tests, classroom presentation etc., to enhance transparency, student's self-confidence and learning.
4. We need to enrich the library with latest editions of text books; subscribe to different newspapers/periodicals as per students' preferences; make e-content available/accessible. Moreover, individually teachers need to emphasize importance of libraries and inculcate reading habits in students.
5. College needs to improve its physical education / sports infrastructure and organise regular intra and inter-college sports competitions.
6. There must be a vibrant career counselling cell to conduct regular career counselling sessions by inviting external experts.
7. There is urgent need for counselling and soft skill development of front-end staff like admission clerks and library staff.
8. There needs to be a prompt grievance-redressal mechanism to look into the student related matters in a timely manner.
9. Dustbins with sign boards must be installed at different locations in the campus.
10. College needs to ensure lighting, hot & cold systems in the classrooms.

*Gyadhar*  
Principal  
Govt. Degree College  
Vailoo Larnoo, Kashmir

Office of the Principal  
GOVERNMENT DEGREE COLLEGE

Vailoo Larnoo, Anantnag (J&K)

Email: [gdclarnoo@gmail.com](mailto:gdclarnoo@gmail.com)

11. There must be a separate canteen/gymnasium/recreation hall for the female students of the college.
12. Regular feedback from students as well as teachers is a must for effective teaching-learning process.
