REPORT

Govt. Degree College Vailoo Larnoo. June 9 and 11, 2022: Unnat Bharat Abhiyan (UBA) Cell of the college visited the adopted villages and local waterbodies to take part in catch the rain Selfie to Save awareness campaign, an initiative of National Water Mission, Unnat Bharat Abhiyan and Vijnana Bharati. The objective of the visit was take part in the noble cause and spread awareness among local people related to water management/ conservation. A brief awareness session with locals were held re regarding the campaign and later on posters were distributed and selfies were taken near local waterbodies involving local people from the area. The waterbodies visited were River Brengi (Nowbugh Stream and Dessu Stream) in villages Nowbugh & Dessu and three springs in Iqbalpora Khretti village. All waterbodies are healthy, however certain stretches of the river Brengi where there is more human intervention are in sad state, but that has already been taken care of under Clean India Programme by the college Ek Bharat Shreshtha Bharat Cell and NSS Unit. The locals residing on the banks of these streams are once again requested not to throw the garbage on the banks of these streams as the water is being used as a direct water supply to several villages of the Breng area.
